EQUIPO B

POSITION DENOMINATION:		SÉNIOR DEVELOPER / DISTRIBUTED SYSTEMS			
CATEGORY:	SÉNIOR DEVELOPER	GROUP:			VACANCIES: 3 APROX
Requirements	Minimum:	<ul style="list-style-type: none"> .- Experienced systems distributed .- Experienced with Scala .- Experienced with Akka .- Lucene .- High level of English 			
	Desired:	<ul style="list-style-type: none"> .- Lambda architectures 			
Minimum academic training required:		Engineering in computer science or similar			
Minimum knowledge		Elementary 1	Medium 2	Superior 3	
HTML5 / Javascript/ CSS				X	
Systems distributed				X	
Scala				X	
Akka				X	
Lucene				X	

POSITION DENOMINATION:		TECHNICAL SPECIALIST			
CATEGORY:	SÉNIOR	GROUP:			VACANCIES: 2
Requirements	Minimum:	<ul style="list-style-type: none"> .- Experienced artificial intelligence systems .- Experienced knowledge of stochastic processes .- Experienced construction algorithms for real-time .- Failure detection algorithms .- knowledge in numerical optimization processes .- knowledge in statistics .- High level of English 			
	Desired:				
Minimum academic training required:		Engineering in computer science or similar			
Minimum knowledge		Elementary 1	Medium 2	Superior 3	
Systems distributed				X	
Artificial intelligence systems				X	
Knowledge of stochastic processes				X	
Construction algorithms for real-time				X	
Failure detection algorithms				X	
Numerical optimization processes				X	
Statistics					

Equipo C

POSITION DENOMINATION:		SOFTWARE ENGINEERING CONSULTANT			
CATEGORY:	TECHNICAL SENIOR - CONSULTANT	GROUP:			VACANCIES: 3 - 4
Requirements	Minimum:	Experienced software developer Experienced software help desk Experienced Programming Languages & Software Engineering Experienced in Virtualization Experienced in testing, corrections... Experience with process automation High level of English			
Minimum academic training required:		Engineering in computer science or similar			
Minimum knowledge		Elementary 1	Medium 2	Superior 3	
Software developer				X	
Software help desk				X	
Programming Languages & Software Engineering				X	
Virtualization			X		
Process automation, testing...				X
